Property Description

Looking for the perfect property to build your dream ocean view home or multiple units with great rental potential? These two ocean view lots are the perfect canvas to design and build your dream. With two large building pads, these lots give you the flexibility to build multiple units in the back with enough privacy. The ocean views from the building pad of the back are amazing. You will get nice ocean views from the first floor, but the views from the second and third floor would be simply breathtaking, spanning from Playa Langosta to Playa Grande's bay. Location is everything when it comes to real estate, and these lots offer just that... a privileged location, as they are at a mere 800 yards walk from the beautiful Tamarindo Beach, known for its beauty, great surf all year round and its lively environment. From these lots you can walk to banks, restaurants, pharmacies, supermarkets, tour operators and much more.
