## Property Description

Welcome to one of Costa Rica's most exceptional coastal opportunities. This iconic 755-acre (311-hectare) oceanfront expanse offers a once-in-a-lifetime chance to acquire one of the largest and most prestigious landholdings on the Guanacaste Gold Coast. It is ideal for an ultra-private estate, luxury resort, or visionary land bank investment. Set just south of the world-renowned Playa Conchal, this expansive property features two pristine beaches — Playa Minas (790 meters) and Playa Nombre de Jesús (1,070 meters) — with powdery white sand, turquoise waters, and dramatic cliffs wrapping around Punta Sabana, a crown jewel of the coastline. Behind the beaches lies approximately 500 acres of lush, tropical terrain, including oceanview ridgelines and flat, buildable jungle. This property is perfect for residential development, a luxurious eco-retreat, or a private legacy estate. Strategically positioned between Playa Flamingo, Playa Conchal, and Tamarindo, and less than an hour from Liberia International Airport, Punta Sabana offers both seclusion and accessibility — a rare blend of peace and potential.
