## Property Description

Casa Vista Penca is a stunning property consisting of four individual lots. Two of these lots feature a beautifully maintained home, a pool with palapa, terraced gardens, and other amenities, while the other two lots are available for individual development or can complement the existing structures. The home itself is exceptionally charming, originally built in the late 1990s and fully remodeled in 2018. The layout is well-designed, with an ocean-view main bedroom on the main level that opens onto a balcony, and two additional bedrooms on the lower level with direct access to the pool and patio. The property offers incredible value, with breathtaking views, high-quality existing construction, and the potential for further development on the three unbuilt lots. The location is ideal, with short drives and walks to beautiful beaches such as Playa La Penca and Playa Prieta, and close proximity to the new Flamingo Marina, a major attraction in the area.
